

# AQUA EXPEDITIONS

## Setting the stage for the greatest luxury cruise expeditions in the Coral Triangle

Where modern luxury meets naval heritage — the 60m Aqua Blu is the first ever long-range ocean explorer yacht permanently based in East Indonesia.

On board, 15 individually designed suites and refined social spaces are accompanied by innovative cuisine curated by renowned chef Benjamin Cross, drawing inspiration from Indonesia's fabled spice trade route. Led by highly experienced crew and guides, guests explore the world's most biodiverse marine habitats, embark on adventurous hikes across active volcanoes, and explore relics from centuries-old history in small groups.

Aqua Blu's naval pedigree makes it the perfect vessel to navigate Eastern Indonesia's vast seas. Having attained the highest international classifications (RINA, SOLAS, ISM) in safety, the vessel is additionally equipped with Quantum Zero Speed stabilisers for optimal comfort at rest or while sailing.

The explorer yacht's range stands heads and shoulders above that of its peers in East Indonesia. Able to cover vast distances in a short span of time and with utmost comfort — in any sea condition — the vessel enables explorers on board to experience the most varied, enjoyable, and rewarding coastal cruise itineraries in this wild and stunningly beautiful region of the world.

## Sail East Indonesia in luxury aboard Aqua Blu

Straddling three time zones and two mighty oceans, the country of Indonesia is the largest archipelagic country in the world. With open sea making up three-quarters of the country's area, and 18,000 tropical islands stretching over 3,100 miles longitudinally and 1,050 miles latitudinally, Indonesia is a prime location in Southeast Asia for cruise adventures. Beyond the Southeast Asian country's characteristic volcanic landscapes and colourful endemic wildlife, a cultural treasure trove of age-old traditions and well-preserved colonial-era relics await your discovery.
