

Antarctica with Le Commandant Charcot

Explore a land full of extremes, where nature unveils its full, awesome power and go further than ever before to the most remote parts of the White Continent - from the Emperor penguins of East Antarctica's Bellingshausen Sea, to Charcot & Peter I Islands, the Ross Sea, the Weddell Sea and Larsen Ice Shelf. Aboard your Zodiac®, you will penetrate with respect and humility this world of silence, troubled only by cracking icebergs and penguins twittering.

Le Commandant Charcot

Welcome on board

Experience the intensity of a polar exploration voyage in a real setting of exception, blending elegant raw materials, refined details and sleek lines.

A veritable polar odyssey

As the world's first PC2 hybrid-electric polar exploration ship powered by liquefied natural gas, *Le Commandant-Charcot* is beginning a new type of exploration at the extreme latitudes, blending initiation, humility and emotion. In addition to the outings and shore visits in Zodiac® inflatable boats that have forged the reputation of our expedition cruises, make the most of unique and extraordinary activities¹ aboard *Le Commandant-Charcot*. Included or optional, and with a limited number of places, they will help you discover the polar expanses from a brand-new perspective, such as hot air ballooning, kayaking, dog sledding, ice fishing, participative science, hiking, hovercraft, snowmobiles and polar diving².

Exceptional design, comfort and refinement.

Whatever your desires, our professional and attentive staff are at your disposal to make your cruise an exceptional experience. In the high Arctic, or in the most remote Antarctic seas, you will find the refined facilities and discreet service that have forged PONANT's signature over the last thirty years. On board, enjoy an outdoor brazier and heated pool on the open air bar deck, two restaurants, two lounges and bar, a theatre, a sauna and snow room, an indoor pool extended by a winter garden, a fitness room. Choose between the luxurious Owner's Suite, some 115 sq.m (1237 sq.ft) with an immense private terrace and jacuzzi, the four remarkable Duplex Suites with jacuzzi, the Privilege Suites with spa bath or any other staterooms with balconies and outside views... In a harmonious brown and glacier blue colour scheme, this is the luxury setting for your next exploration voyage to the Poles!
