

Multigenerational ship with food & shows for everyone. She has 16 dining options (including room service) & a 24 hour pub 😊

Plus Broadway at sea – which is actual Broadway shows like “Jersey Boys” and Aust production “Burn the Floor” are impressive features of NCL ships. Shows vary by ship – great for repeat guests.

Jewel was one of their first ships to introduce "Haven by Norwegian" – exclusive penthouse levels with all the trimmings like; private restaurant, concierge, & featuring 3 bedroom garden villa (5,750 sq ft) – now that's huge!

**Norwegian Jewel:**

Capacity: 2376 pax

Built: 2005

Last refurb: 2014

Next refurb: Oct 2018 (will be undergoing a \$50mill refurb in SIN before returning to NZ waters)

Jewel was in AKL as part of her 13Day Aust & NZ voyage SYD-SYD. I was fortunate to get on board. She's cruising in this part of the world until 20FEB18 when she sails SYD-SIN. Demographic on board that I saw were 60+ and there was a large German group on board.

Jewel was fully booked so I was unable to view any cabins however am told they all quite spacious with sliding glass doors on showers rather than curtains.

There are no mega (1000+ seat) restaurants on board – instead multiple more intimate dining options. There's plenty to choose from and will be something for everyone ☺
